The Senate, after an executive session, adjourned.

DEATH OF MRS. FILLMORE.

WASHINGTON, MARCH 30.—Mrs. Fillmore died at Willards' Hotel this morning. Her death is attributed to suffocation proceeding from water on the lungs. Mr. Fillmore and family will leave for Buffalo to-morrow, with her remains. The Senate being advised of the death of Mrs. Fillmore, immediately adjourned.

OSTON, MARCH 30.—Mrs. Harriet Becher Stowe, the authoress of Uncle Tom's Cabin, sailed for Europe to-day in the steamer Canada.

Judge Merrick has accepted the appointment of Chief Judge, vice Cushing.

The general banking law was defeated to-day in the Legislature.

EXPLOSION AND LOSS OF LIFE.
New York, March 30.—Hadfield's Pyrotechnic establishment at Williamsburg blew up this morning. A boy and girl employed in the establishment were instantly killed, and several others fatally injured.

WASHINGTON, MARCH 27, 1935

Two or three Senators left the city last evening or this morning. There is a probability, however, of keeping a quorum even a day longer. Forty-one Senators answered to their names to-day.

The Senate have not yet acted upon the nomination of Mr. Slidell as minister to Central America. That nomination has not yet been taken up, but possibly it may be to-day.

The international copy right treaty has not been reported, and will not be, as I now learn. There is no time for its proper consideration at this session.

The Senate were chiefly engaged in executive session, yesterday, in consideration of the French consular treaty.

Parties interested in the late British treaty for the adjustment of mutual claims of private citizens, or subjects of either country against the other, were present.

P. S. Since the above was written, we have got the nominations for New York, to wit: D. S. Dickinson for Collector, Dix for Sub-Treasurer, &c. The whole list will be furnished by telegraph. All the patriots are paid off, and all the discordy changed into harmony.

CINCINNATI, March, 29.—An immense mass meeting was held in Market Square last night to nominate an independent ticket for city officers to sustain the common schools and oppose the encroachments of the Roman Catholics in regard to them. All political divisions were forgotten, and the cau-

Dr. Clayton of Virginia, has invented a machine, of ver-

simple constitution, to give warning to approaching cars of danger by collision. This invention is now exhibited at the capitol. When we hear of frightful accidents almost daily, such an invention, and indeed, any invention calculated to prevent them, cannot be too highly prized.

We do not profess to be competent to pronounce an opinion on the merits of this invention, but it strikes us as being as ingenious and effective as it is simple—(Union.

The Journal of Commerce, analyzing the Thirty-third Congress, says:

"By the election of 6 Democrats in South Carolina and 3 in New Hampshire to the United States House of Representatives, that body now comprises 95 Democrats, 60 Whigs, and 5 Abolitionists. The same districts sent to the last Congress 88 Democrats, 60 Whigs, and 2 Abolitionists."

Eighty-three members of the new House are yet to be elected. Total, 234. The Democratic members will be to the Wings in the proportion of about 2 to 1. The Democratic majority in the Senate will be 15 to 20. For the next two years at least every department of the government will be Democratic. The high tariff men have hung their harps up on the willows."

TRIBUTE OF RESPECT.

At a called meeting of the members of Washington Literary Society, of Randolph-Macon College, held in their Hall, on the 4th day of March, 1953, Mr. Wilson having presided, and announced the death of an esteemed regular member, **ROBERT H. FOOTE**, of Fauquier county, Virginia, which transpired on that day, at half past eleven o'clock. A.
